Our Mission

We are committed to continuously provide educational excellence and our expertise in business education through our innovative cutting-edge technology and our high-quality learning experience. We encourage diversity and global connectivity between our students, faculty and business partners, while placing high importance to the benefits that our business can bring to the society as well as the environment.

A Relevant Education

SSBM Geneva will help you acquire habits of reflection and critical thinking that are crucial to understand today's society. Recognizing the facts that individual success is intertwined with the larger world, we encourage students to engage in improving their critical thinking.

Business Partners

SSBM's faculty and collaborators have provided consulting, teaching and project-based service to over 70 international and national companies.

ABOUT UPGRAD

upGrad has delivered over 20 million hours of learning, delivering programs by collaborating with universities across the world including Duke CE, IIIT Bangalore, Paris School of Business, and Golden Gate University among others.

Online education is a fundamental disruption that will have a far-reaching impact. upGrad was founded taking this into consideration. upGrad is an online education platform to help individuals develop their professional potential in the most engaging learning environment. Since its inception, upGrad is focused on helping working professionals in their bid to learn, grow and move up in their career through a wide-range of programs designed to improve their expertise.

Our research has consistently revealed that the greatest differentiator for professionals looking to progress into a position of expertise and eminence in their domain is continuous education. As they move into positions of influence, senior management professionals are required to bring in-depth knowledge of key business theories along with the executional aptitude that they have honed and perfected in the course of their careers.

As the ability to partake in the academic rigors of business education becomes limited due to the demands of work and life, professionals often find themselves in the position of having to treat their continuing education as a burden which comes in the way of their professional performance. Through its association with SSBM, Geneva, upGrad endeavors to facilitate continuing education for senior professionals without impeding their career journeys.

Ronnie Screwvala

Co-founder & Executive Chairman

upGrad

“upGrad is a leading global learning and workforce development company. We’re on a single-minded mission of powering career success for every member of the global workforce as their trusted lifelong learning partner. Established in 2015, we have over 10 million learners who have upskilled in a range of online and offline programs from topuniversities in India and the world.”

IMMERSION PROGRAM

The immersion program offers learners the opportunity to engage with their peers offline, while exploring the university and interacting with world-class subject matter experts. This real-world exposure aids in practical learning and enhances our students' learning experience.

What does the immersion program include?

- Lecture by a renowned SME on acing leadership skills
- Interaction with SSBM, Geneva faculty members about the vast scope of EDBA
- Session with on-campus EDBA students/alumni
- Peer-to-peer networking and group discussions conducted by SMEs
- Visit local attractions in Geneva, Switzerland. Learners will also go on an outing to a nearby city (Interlaken, Montreux, Chamonix, Mont Blanc, Vevey, etc.)*

*Subject to change based on COVID regulations

PROGRAM STRUCTURE

The EDBA is composed of a sequence of incremental courses and outcomes:

Phase	Approximate Duration	Required Outcomes	Process
Research Methodology I	2-6 months after program start	Concept Paper	Mentor Reviews and Approves Concept Paper
Research Methodology II	2-6 months after Concept Paper is completed	Literature Review	Mentor Reviews and Approves Literature Review
Research Proposal	Upto 1 year after Literature Review is completed	Research Proposal	Mentor Approves submitted proposal and seeks approval of research committee
Thesis Writing	Upto 1 year after Literature Review is completed	Final Thesis	Research Committee approves proposal and thesis writing begins

Concept Paper

Short summary of a minimum of 2-3 pages and not exceeding 6 pages which provides a high-level idea of what the student would like to research

- The concept paper is aimed at capturing the thoughts and ideas of the student and reveal the intended research direction
- The mentor will check the feasibility of the project and provide high level feedback on the topic itself and eventually briefly discuss the topic with the student
- The concept paper is NOT meant to be an advanced academic paper nor a research proposal but rather a first structured discussion between the mentor and the student

Literature Review

It should provide a systematic, thorough and advanced summary of past literature

- It should have a minimum of 3-4 pages and a maximum of 15 pages
- It should be systematic enough to provide theoretical justification and highlight what the gap is with past academic knowledge and what opportunities exist with the new research that is to be performed
- The outcome should clearly highlight gaps, possible research questions and a major research theme
- However, the Literature Review does not need to be 100% complete at this stage

Research Proposal

The main guiding document that provides details about:

- What you will investigate
- Why it is important
- How you will do it

A key document that needs to be approved by the Research Committee (composed of 3 members)

Please only use the template that is provided on the DBA portal to submit your Research Proposal

Main parts of the research proposal

- Cover Page
- Introduction
- Literature Review
- Research Design
- Reference List

Disclaimer: Program curriculum is subject to change basis inputs from the institute and experts. Please refer to the website for update details, or speak to our Admission Counsellors.

PwC DIRECTORSHIP & BOARD ADVISORY CERTIFICATE

The Directorship & Board Advisory Certification is a specialized Global program designed for professionals aiming to transition into board-level roles. Delivered in collaboration with PwC India, this immersive program cultivates strategic thinking, ethical governance fluency, and boardroom confidence through live sessions, real-world simulations, and expert-led masterclasses.

The program comprises approximately 20 hours of live lectures, conducted through masterclasses led by PwC experts. The batch schedule will be communicated to learners well in advance.

Program Outcomes

Practical Board Skills:
Develop boardroom fluency, strategic thinking, and key frameworks necessary for effective boardroom preparedness.

Stakeholder Influence:
Learn how to manage stakeholder expectations, enhance investor relations, and ensure strategic alignment with organizational vision and values.

Governance & Compliance:
Gain deep insights into Indian and global corporate governance standards, legal responsibilities, ethical conduct, and risk mitigation strategies.

upGrad | pwc

CERTIFICATE OF COMPLETION

Presented to

<student name>

for having completed the program
on Directorship & Board Advisory Certification
in association with PwC Academy
issued on _____

Mayank Kumar,
Managing Director, upGrad

Partner, PwC India

CURRICULUM OVERVIEW

An Overview of the Modern Board

Introduction to the Board of Directors and modern boardroom dynamics, covering roles and responsibilities, legal obligations, disqualifications, powers, ethical frameworks, “officer in default,” D&O insurance, and other safeguards.

Corporate Governance, Ethics & Regulatory Frameworks

Explore global and Indian governance standards, best practices, participation frameworks, taxonomy, transparency, integrity, and ESG foundations.

Finance & Risk for Board Oversight

Understand strategic finance and risk, including directors’ responsibilities, red flags in financials, audit committees, internal controls, and related obligations.

Digital, Cyber & M&A Readiness

Examine the board’s role in digital transformation, AI, cybersecurity, and M&A evaluation, including regulator perspectives.

Independent Directors – Risks and Rewards

Learn about regulatory requirements for Independent Directors, enrollment in the Independent Director Databank, qualifications and disqualifications, code of conduct, related party transactions, and director responsibilities.

Stakeholder Engagement & Investor Relations

Master stakeholder mapping, effective communication, board dynamics, decision-making processes, investor expectations, and strategic engagement.

Final Project: Board Simulation & Readiness Presentation

A hands-on simulation project to demonstrate boardroom readiness and application of program learnings.

*(Topics are indicative and subject to minor changes.)

PwC PROGRAM EXPERTS

Manisha Narang

Manisha Narang, Partner at PwC, is a seasoned Company Secretary with over 20 years of expertise in corporate governance, regulatory compliance, board advisory, and cross borde business structuring. She specializes in guiding boards, managing risk, enabling regulatory clarity, and supporting M&A, NBFC licensing, and global market entry for leading organizations.

Shekhar Chopra

Shekhar Chopra, Director at PW & Co. LLP, is a qualified Company Secretary with 15+ years of experience in corporate governance, M&A, board advisory, and regulatory compliance. He has led governance frameworks, board evaluations, risk management, and shareholder engagement across top firms including Deloitte, EY, and SRL

*List of all faculty teaching in the PwC program will be shared with the students before the start of the sessions.

UNLOCK HIGH-IMPACT OUTCOMES:
THROUGH A TRANSFORMATIVE DBA PROGRAM

The Doctor of Business Administration (DBA) program is designed to elevate your career and establish you as a recognized leader and innovator in the global business landscape. Our unique offerings go beyond traditional academic learning to provide tangible, real-world advantages.

1 Board Advisory Certification with PwC India: A Seat at the Table

Gain unparalleled readiness for boardroom roles with a first-of-its-kind certification from PwC India. This exclusive offering is integrated into the DBA program and provides:

Influential Decision-Making: Learn to shape an organization's future by influencing key decisions.

Multi-Board Impact: Drive impact across various industries by preparing to serve on multiple boards.

Leadership Mentorship: Leverage your experience to guide and mentor current and future leadership.

Enhanced Visibility & Prestige: Increase your standing and recognition in the business community.

Practical Boardroom Skills: Master real-world scenarios through simulations, investor cases, and red flag drills.

Expert-Led Training: Learn directly from PwC and corporate governance experts.

Co-Branded Certification: Earn a co-branded certificate that signifies your boardroom readiness.

Strategic Governance Insight: Develop a deep understanding of board dynamics, compliance, and ESG responsibilities crucial for modern board leadership.

2 Idea to IP: Where Research Meets Real-World Impact with Patent Guidance

Distinguish yourself by transforming your innovative ideas into protected intellectual property. This exclusive offering provides

End-to-End Patent Support: Receive comprehensive guidance from idea validation to filing, all the way until the patent grant is issued.

Faculty-Led Guidance: Benefit from expert-led support, with faculty guiding you through patent search and application drafting.

Protected Innovation Portfolio: Build a robust portfolio of protected innovations to enhance your leadership profile.

Industry Connections: upGrad connects you with leading IP firms for guidance at every step.

3 Amplify Your Research: Publish With Purpose

Turn your research into recognized thought leadership and establish academic credibility. This outcome-driven approach includes:

Refined Research for Publishing: Receive guidance from experienced faculty to refine your research for academic publication.

Strategic Journal Placement: Discover the most suitable platforms and journals to meaningfully publish your work.

Enhanced Visibility & Credibility: Build academic visibility and credibility that distinguishes you in leadership roles.

Expert Mentorship: Get faculty mentorship to refine your work, identify publishing platforms, and broaden your research impact.

4 Become a Published Thought Leader: Write Your E-Book, Publish & Inspire

Establish your authority and inspire others by becoming a published e-book author. This unique opportunity offers:

Structured E-Book Creation: Craft your e-book with ongoing faculty feedback and structured support.

Global Publishing Access: Publish your e-book on leading digital platforms like Amazon with guided support.

Strengthened Personal Brand: Significantly strengthen your personal brand and influence within your industry and beyond.

Faculty Guidance: Receive expert faculty guidance to shape your ideas, gain feedback, and successfully publish.

5 Not Just a DBA; Join an Exclusive Leadership Circle

Expand your network and gain invaluable insights by learning alongside an elite group of senior executives. This program offers:

Cross-Industry Collaboration: Collaborate with senior executives from diverse industries and geographies.

Fortune 500 Perspectives: Gain unique perspectives from CXOs and VPs at Fortune 500 and other global companies.

Elite Learning Network: Become part of an exclusive learning network that fosters leadership and growth.

High-Caliber Peer Group: Interact with a high-caliber peer group, including CXOs, VPs, and Directors from top organizations.

*Some of the services may have an additional charge.

WHERE RESEARCH MEETS RECOGNITION: PATENTED INNOVATIONS BY OUR LEARNER

At upGrad, we believe in cultivating not just academic research but real-world breakthroughs.

Why This Is Significant for You: :

Academic to Applied: Move your research from theory to patent—demonstrating tangible industry relevance.

Mentorship for Impact: Benefit from guidance by faculty and industry experts who support you in publishing and protecting your intellectual property.

Inspiring Legacy: Your work could become the next highlighted patented innovation on our platform.

Dr. Venugopal Padmanabha, one of our DBA learners, successfully filed a patent on ***"A Method for Impacting Leadership Style on Workforce Productivity in IT Captive Centers,"*** published in the Indian Patent Journal (Feb 2024). The invention explores how leadership styles directly influence workforce efficiency in IT captive centers.

HEAR FROM OUR STUDENTS...

Lisa Tamilia, DBA Student

Sales & Market Development and Business Instructor

“I am very impressed with my experience in the Global Doctorate in Business Administration (EDBA) program at SSBM (Geneva, Switzerland)! It has been a very positive experience especially with the professionalism and support of my mentor and advisor. It is also a great network and collaboration with a professional network of great students around the globe.”

Deji Bolusemihi, DBA Student

"My studying, learning and mentorship experience at SSBM has been most rewarding. I have been exposed to much more intellectual ideas and my horizon has been widened in my field of study. The exposure from SSBM and my course mentor Prof Dario Silic has been great and these have impacted positively on my job."

Domenico Pio Ippolito, MBA and DBA Student

Talent and Organization Strategy Consultant

"The MBA and DBA programs at the SSBM expanded my horizons, improved my knowledge of HR Talent and Organization Strategy, and further developed my competencies and skills. These programs have a strong practical orientation, an intercultural management dimension, and provide executives with a road-map to navigate the disruptions ahead.It was truly a life-changing experience!"

HEAR FROM
OUR STUDENTS...

Dr. Ameya Munagekar, CPA

Director My CPA Expert Private Limited.

The DBA Program allowed me to research and delve deep into my topic of interest namely the Circulation, Management & Taxation of Digital Currencies in India. My mentor at SSBM ensured that I completed my research and dissertation as per the international standards.

Partha Pratim Chakraborty, DBA Student

Part-time Professor, Symbiosis Pune

SSBM DBA program has been a great door of new career avenues for me . Having spent 21 plus years in large corporates - this helped to move into a newer avenue of my career where I ventured into academia. Being associated with Symbiosis Centre for Distance Learning, Pune as Professor and academic content creator to speaker at various forums - this program has helped me a lot as I complete my PhD journey - which I am in my last phase.

HEAR FROM OUR STUDENTS...

Pranjal Kumar Phukan, DBA Student

Certified Mentor (Overseas) – Singapore Founder - CosmosMindsTM, Guwahati, India

My experience with industries and academia in multiple domains primarily in supply chain, operations, contracts administration, and project management for more than 26 years has got recognized and rewarded when I joined and pursued DBA program with SSBM, Geneva. I have no words to express on any one of the features; as the entire course structures of DBA is exceptional. I have reaped maximum benefits out the program in unfolding my corporate know-hows into practice.

Nitin Kukreja, DBA Student

Project Manager at Mamsys World | Professional Scrum Master™ (PSM-1)

The Global Doctor of Business Administration (DBA) from SSBM Geneva and UpGrad is a worthful self-paced learning program for professionals who are interested in growing their career and also for those who are interested to explore new avenues while working in full mode. You will get a chance to choose the area of specialization as per your choice and interest. It enhances the knowledge base one has while adding a balanced approach to both academia and practice. The program places a huge emphasis on analytical thinking and develops one's abilities to perform rigorous academic & industrial research.
