About O.P. Jindal Global University

O.P. Jindal Global University (JGU) is a multidisciplinary, research-oriented university founded in 2009 by Mr. Naveen Jindal, in memory of his father Mr. O.P. Jindal. The university has faculty from 50+ countries, students from 75+ countries, and partnerships with 475+ institutions in 75+ countries.

Jindal School of Environment & Sustainability (JSES)

The Jindal School of Environment & Sustainability (JSES) is a pioneer in undergraduate education on environment and sustainability courses in India. The school of environment and sustainable development brings together esteemed faculty from around the world to foster a global perspective on these issues. JSES aims to equip students with the skills necessary to solve complex environmental challenges of the present and the future. Through a rigorous academic programme, students gain a deep understanding of environmental issues and develop critical thinking, problem-solving, and leadership skills.

VICE CHANCELLOR'S MESSAGE

DR. C. RAJ KUMAR

LL.B. (Delhi), B.C.L. (Oxford), LL.M.(Harvard), S.J.D (Hong Kong)

Founding Vice Chancellor, O.P. Jindal Global University (JGU)
Professor & Dean, Jindal Global Law School (JGLS)

Welcome to O.P. Jindal Global University (JGU). JGU was established as a non-profit, multi-disciplinary and research-oriented university in 2009 by the Founding Chancellor, Mr. Naveen Jindal, in memory of his father, Mr. O.P. Jindal. Within 15 years, the university has taken great strides by consistently ranking as India's Number 1 Private University, among the Top 150 universities globally under 50 years, among the Top 500 Universities as per the Graduate Employability Rankings 2022. In 2020, JGU was recognized as an 'Institution of Eminence' by the Ministry of Education, Government of India. Recently, JGU was ranked Number 1 in Times Higher Education Online Rankings 2024. JGU's global online programme relies on four key pillars: resources, engagement, outcomes and environment.

I am pleased to invite you to join our latest programme, "Master of Science in Environmental Change and Sustainability" by Jindal School of Environment and Sustainability (JSES). This fully online 1-year programme is designed to equip students with theoretical and practical approaches to deal with the critical issues of environmental change in the 21st century and design practical approaches towards realizing Sustainable Development Goals (SDGs). The programme has courses that focus on all domains of sustainability: science, social science, policy, finance, and technology. The course covers climate science, green markets, AI, geoinformatics, policy drafting, and more. Student experiences in this programme will include working on various hands-on projects and case studies in data analysis, sustainable practice, and policy development. The programme intends to impart large-scale sustainability training and education through online courses in alignment with the Sustainable Development Goals to all sections of society. In line with the JGU's objectives of providing practical solutions, the courses within the programmes strive to outline practical, result-oriented solutions to various environmental problems and challenges of the 21st century.

DEAN'S MESSAGE

PROF. (DR.) ABHIROOP CHOWDHURY

Professor & Dean
Jindal School of Environment & Sustainability

Jindal School of Environment and Sustainability (JSES) is the first interdisciplinary school that caters to holistic, global education in Environment and Sustainable Development, bringing inputs from both science and social science disciplines. JSES aims to train graduate and post -graduate students with the objective of offering result-oriented practical solutions to the pressing global issues in the domain, such as climate change and global warming, pollution and human health, species extinction, carbon-intensive production, and unsustainable natural resource exploitation. JSES aims to find these solutions through research and education-based approaches. Some of JSES faculties are listed amongst 2% of the world's most cited scientists, with global research footprints in international research projects and high citations in major scientific databases. JSES faculties are part of editorial boards of premier journal houses such as Nature-portfolio, Springer, Elsevier, Taylor & Francis and others.

JSES's new programme on M.Sc. in Environmental Change and Sustainability (ECS) is designed keeping in mind the employment opportunities that are rapidly evolving in the domain in mind. It aligns with JSES's mission of honing the 'green skills' of students and the public, making them global changemakers and sustainability champions. The rising trends in green jobs are evident from the employment growth of around 223% in the environment, social and governance (ESG) sectors between April 2019 and April 2023. The energy sector is rapidly transitioning from carbon-intensive to carbon-neutral, which can further open up around 3.7 million new jobs by 2025 and 35 million job opportunities by 2047. M.Sc. (ECS) curriculum caters to skill sets rooted in environmental management, pollution estimation and mitigation, natural resource management, climate change data analysis, and carbon offset analysis, along with covering the mandatory knowledge requirements of environmental and sustainability science and social science. Students will get necessary in-class exposure to hone their skills in data analysis tools, environmental risk assessment models, Geographical information systems and Remote sensing (GIS-RS). The major environmental and sustainability compliances required in industries, such as ISO 14001:2015, Blockchain management in the environment, Environmental Impact Assessment reporting, and United Nations Sustainable Development Goals (UNSDGs) compliances, are integral to the curriculum. The programme's primary emphasis is to generate green skills in professionals required to develop a successful career in environment and sustainable development and make them industry ready.

On behalf of JSES, I welcome you all.

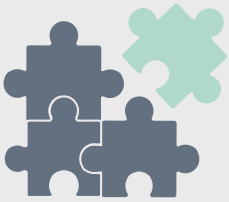
Key Features

Globally Recognized Master's Degree

Taught in English

100% Online

15 hours of dynamic faculty-led interaction per course



Learn from both academic experts and policy practitioners

Explore a world of knowledge with JGU's e-resources

JGU Alumni Status

Approved by Institute of Sustainability & Environmental Professionals (ISEP)

O.P. Jindal Global University is India's 1st and Asia's 2nd University to be ISEP accredited.

'This programme is recognised by the Institute of Sustainability & Environmental Professionals (ISEP). This course entitles students to FREE student membership for the duration of the course and on successful completion, graduates will qualify for GradISEP. Graduate membership is a launchpad for future leaders within environment and sustainability and offers a range of benefits to support you throughout your career. You can the "Fast track" to Practitioner Membership (PISEP) following successful completion of the work-based assessment of competence.'

This recognition affirms the programme's alignment with global best practices and professional standards in environmental and sustainability education.

Course Structure

TERM 1

TOTAL CREDITS: 15

COURSE NAME	CREDITS	CATEGORY
Fundamentals of Environmental Change	5	Foundation 1
Pollution and Health	5	Foundation 2
Planetary boundaries and Sustainable Development Goals	5	Core 1

TERM 2

TOTAL CREDITS: 15

Energy-Carbon Market	5	Foundation 3
Climate Modelling	5	Core 2
Sustainability Solutions	5	Core 3

TERM 3

TOTAL CREDITS: 15

COURSE NAME	CREDITS	CATEGORY
Environment Compliances in Industry	5	Foundation 4
AI and Machine Learning in Sustainability	5	Core 4
Choose from any 2: (a) Environmental Policy (b) Green Markets	5	Elective 1

TERM 4

TOTAL CREDITS: 15

COURSE NAME	CREDITS	CATEGORY
Choose from any 2: (a) Environmental Data Analysis (b) Sustainable Governance	5	Elective 2
Capstone/Thesis	10	Capstone/Thesis/Experiential Learning

Programme Outcomes

Environmental Science Expertise

Develop a deep understanding of environmental systems, climate change impacts, and sustainability principles.

Policy Formulation and Advocacy

Equips students with the ability to draft and implement policies for climate resilience and sustainable development.

Advanced Data Analysis Skills

Enables interpretation of complex environmental data for impact assessment and strategic decision-making.

Project and Stakeholder Management

Trains students in planning and executing sustainability projects while engaging diverse stakeholders.

Ethical and Leadership Competence

Fosters responsible decision-making and leadership in tackling environmental challenges at local and global levels.

Admissions

Intakes each year: September Cohort

Eligibility Criteria

- Bachelor's degree from any recognized university
- Govt. Issued ID Proof (Passport for International Applicants)

Selection Criteria

The candidate needs to submit a "Statement of purpose" of around 800 words discussing the role of this programme in their long and short-term career or personal growth.

Apply Now

Tuition Financing

Total Cost: INR 2,75,000

FEE	Amount	Due Date
Registration fee payable	INR 25,000	To be paid upon the acceptance of the offer letter
Remaining fee payable	INR 2,50,000	To be paid as per the fee structure given by the University.

Direct Payment Options

Payment can be made using credit cards, debit cards, net banking, UPI, and international payment methods

Financing Option (For Indian Applicants)

JODO EMI FACILITY FOR COURSE FEE

O.P. Jindal Global University provides an opportunity to pay the fees in monthly installments at nominal cost through Jodo, an education centric financial services company founded by IIT-IIM alumni

Covers all courses offered by JGU Online

- Fully digital process, takes around 15 mins to complete all loan formalities (from application to loan agreement signature)
- Only a PAN number is required for initial registration and approval
- You can call Jodo representatives at +91 99729 82193 / +91 96201 42953 for any assistance.

Careers

After graduating from the Jindal School of Environment and Sustainability (JSES), you will be equipped to pursue a variety of rewarding career paths in the fields of environment and sustainability. Some potential career options include:

Environmental Manager

Analyzing environmental data, assessing impacts, and developing strategies for mitigation and adaptation as well as helping organizations to comply with environmental compliance norms.

Environmental Consultant

Advising organizations on sustainability practices, climate resilience strategies, and regulatory compliance.

Policy Analyst/Advisor

Contributing to the development and implementation of climate policies at local, national, or international levels.

Sustainability Manager

Overseeing initiatives to reduce environmental impact and enhance organizational resilience.

Sustainability Analyst

Evaluating and improving the sustainability performance of organizations by analyzing data, developing sustainability metrics, and recommending strategies to enhance environmental and social impacts.

Climate Risk Manager

Assessing and managing climate-related risks for businesses or governmental agencies.

Corporate Social Responsibility (CSR) Manager

Integrating climate resilience and sustainability into corporate strategies and operations.

Featured Faculty

Professor Abhiroop Chowdhury

Dean, Jindal School of Environment and Sustainability (JSES)
B.Sc.; M.Sc. (Calcutta University); Ph.D. (IIT Dhanbad)

Editorial Board Member: BMC Public Health (Springer Nature),
Scientific Reports (Springer- Nature), Discover Applied Science (Springer Nature).

Associate Editor/ Section Editor: Toxin Reviews (Taylor & Francis)

Key Expertise Pollution assessment and management, Soil blue carbon sequestration, Mangrove restoration, Environmental health, Environmental Social Work

Dr. Govind Singh

Associate Professor and Associate Dean - Alumni Affairs
B.Sc.; M.Sc.; Ph.D. (University of Delhi)

Key Expertise Water resource management, environmental pollution & public health, environmental management, urban ecology, sustainable development, environmental education, disaster management, ecotourism, ICT.

Dr. Kumar Manish

Associate Professor, Associate Dean
B.Sc.; M.Sc.; Ph.D. (University of Delhi)

Key Expertise Biodiversity, Climate Change, Ecology, Evolution, Himalaya, Sustainable Development

Dr. Neelu Anand Jha

Assistant Professor, Assistant Dean
B.Sc.; M.Sc.; Ph.D. (University of Delhi)

Key Expertise Circadian rhythms, light pollution, human health, sleep, bioacoustics, avian biology

Dr. Rahul Devrani

Assistant Professor, Assistant Dean
B.Sc. (Hons) (University of Delhi); M.Sc. (HNB Garhwal University); Ph.D. (University of Delhi)

Key Expertise Geology, Geomorphology, Natural Hazards, River Sciences, GIS, Remote Sensing, Soil Erosion, Landscape Evolution

Dr. Brahma Gupta

Assistant Professor
B.Tech (Guru Ghasidas Vishwavidyalaya Central University); M.Tech (IIT Dhanbad) PhD (IIT Kharagpur)

Key Expertise Environmental Engineering, Environmental impact assessment, Environmental auditing, Life Cycle Analysis, AI and Machine Learning, Environmental Management Systems, Pollution and Health

Dr. Ayushi Srivastava

Lecturer
B.A, M.A (University of Delhi); PhD (IIT Delhi)

Key Expertise Environmental Economics, Blockchain, Value Chain Management, ESG, Environmental Reporting, Environmental education, Community engagement

Programme Highlights

Interdisciplinary Approach

Integrates scientific, legal, and policy perspectives to address environmental challenges effectively.

Technological Integration

Incorporates AI, machine learning, GIS, and geospatial tools for advanced environmental data analysis and sustainability solutions.

Hands-on Learning

Focus on experiential learning through projects, case studies, and capstone/thesis work on real-world environmental issues.

Global and Policy-Oriented Curriculum

Covers climate science, green markets, policy drafting, and sustainability strategies aligned with international standards and SDGs.

Career-Focused Training

Prepares students for roles such as Sustainability Manager, Environmental Consultant, and Climate Risk Analyst with an emphasis on practical problem-solving.

ABOUT

O.P. JINDAL GLOBAL UNIVERSITY (JGU)

O.P. Jindal Global University (JGU) is a multidisciplinary, research-oriented university founded in 2009 by Mr. Naveen Jindal, in memory of his father Mr. O.P. Jindal. The university has faculty from 50+ countries, students from 75+ countries, and partnerships with 475+ institutions in 75+ countries.

JINDAL SCHOOL OF PUBLIC HEALTH & HUMAN DEVELOPMENT (JSPH)

Established in 2021, JSPH aspires to be a world-class hub for innovation in public health research and action to meet the constantly-evolving and dynamic needs of public health in India, and across the world. JSPH aims to train the thought leaders needed to create an adaptable and sustainable public health ecosystem for the world. In post pandemic world, we recognize the critical need for highly trained professionals in the field of global health and human development. Hence, we are launching fully online M.Sc. in Global Health and Human Development.

VICE CHANCELLOR'S MESSAGE

DR. C. RAJ KUMAR

LL.B. (Delhi), B.C.L. (Oxford), LL.M.(Harvard), S.J.D (Hong Kong)

Founding Vice Chancellor, O.P. Jindal Global University (JGU)
Professor & Dean, Jindal Global Law School (JGLS)

Over the last 15 years, O.P. Jindal Global University (JGU) has evolved into a globally recognised multidisciplinary research-intensive university, setting benchmarks in higher education in India and beyond. In September 2021, JGU commenced academic sessions for the first cohorts of its online degree programmes. Designed with the vision of imparting holistic interdisciplinary education with flexibility, the curriculum focuses on nurturing problem-solving skills and fostering leadership qualities essential for moulding the change-makers of the future. By leveraging advances in technology and academic practices to benefit our students, our experienced faculty members have developed an accessible virtual learning environment where the restrictions of time and space cease to be obstacles, ensuring that every student can experience world-class education. In recognition of our consistent delivery of world-class online education, JGU was ranked No.1 in the world and awarded "Gold" by the Times Higher Education (THE) Online Learning Rankings 2024.

To meet the rising need for global health education, JGU is introducing the MSc in Global Health and Human Development by the Jindal School of Public Health and Human Development (JSPH). Established in 2021, JSPH has grown into an institution that delivers interdisciplinary and innovative public health education, bringing together faculty members with expertise across academia, research, corporate, governmental, and non-governmental sectors. The online MSc programme in Global Health and Human Development has been envisaged to help students to analyse public health through the lens of human development, and enhance the skills of working professionals to develop multi-pronged approaches to solve complex public health challenges.

I hope that all students in JSPH's M.Sc. in Global Health and Human Development programme will immerse themselves in the global, interdisciplinary and collaborative virtual classrooms, and contribute towards building a healthier, equitable and sustainable public health ecosystem.

DEAN'S MESSAGE

PROF. (DR.) STEPHEN P. MARKS

Professor & Dean, Jindal School of Public Health and Human Development

The Jindal School of Public Health and Human Development (JSPH) is the 12th school of O. P. Jindal Global University, established in 2022 with the visionary support of Prof. (Dr.) C. Raj Kumar, Founding Vice Chancellor. JSPH is dedicated to advancing public health and human development through academic excellence, research, and public service. Like all schools at JGU, we uphold the values of autonomy, academic freedom, and a strong commitment to social impact. As Dean, I feel privileged to work alongside faculty members who exemplify these values and bring their expertise and passion to our students.

JSPH currently offers a one-year residential Master of Public Health (MPH) and is excited to introduce the one-year online Master of Science in Global Health and Human Development (MSc GH) and a one-year non-residential Master of Health Systems (MSc HS). All three programmes integrate rigorous academic learning with experiential field-based training. Our curriculum aligns with the University Grants Commission (UGC) guidelines while incorporating global best practices in public health and human development. Students engage in research, dissertation work, and capstone projects in collaboration with global health organizations and community partners—gaining hands-on experience and exposure to potential employers. Regardless of their undergraduate background, students develop a deep understanding of global health challenges and explore innovative solutions that address the burden of disease at local, national, and global levels. Our approach is rooted in the Capabilities Approach, which frames public health within the broader context of human development.

Finally, we are immensely grateful to our students, whose enthusiasm and dedication continue to inspire us. As we welcome our first cohort for the Online M.Sc. in Global Health and Human Development, we look forward to fostering a diverse learning community—bringing together individuals from various ethnic, regional, linguistic, and disciplinary backgrounds—united by a shared commitment to making a meaningful impact in global health and human development.

We look forward to welcoming you to JSPH!

CAREERS

M.Sc. in Global Health & Human Development graduates will excel in roles such as Global Health Advisor, Public Health Specialist, International Development Consultant, and Policy Analyst, shaping policies and strengthening health systems worldwide. They also lead initiatives as Project Managers, Programme Coordinators, and Healthcare Development Officers in NGOs and global agencies. For those inclined in research, opportunities as Global Health Researchers provide avenues to drive evidence-based change.

PROGRAMME OUTCOMES

Foundations of Global Health & Human Development

Understand core concepts, principles, theories, frameworks, actors and institutions in the fields of global health and human development, and the intersections of the two.

Burden of Disease & Health Determinants

Examine the burden of disease and disability, its global, structural, social, biological, environmental and health systems determinants of health and wellbeing.

Critical Analysis of Health Factors

Critically assess and disentangle determinants of health and wellbeing across key global health fields to identify key levers of change at different levels.

Designing Public Health Solutions

Design and develop intervenable solutions to hone public health practice, recognizing the complexity of global health problems and solutions.

PROGRAMME HIGHLIGHTS

INTERDISCIPLINARY APPROACH

The programme integrates biomedical sciences, public health, and human development, providing a comprehensive understanding of global health challenges.

COMPETENCY-BASED LEARNING

Designed in alignment with the Consortium of Universities for Global Health (CUGH) framework, the programme covers 14 key domains such as global burden of disease, health equity, programme management, and planetary health.

GLOBAL PERSPECTIVE AND NETWORKING

The programme is structured for students and professionals worldwide, facilitating cross-border collaboration, peer learning, and international networking opportunities.

APPLIED LEARNING AND RESEARCH

Emphasizing real-world applications, the programme includes case studies, policy analysis, and research projects, equipping students with practical skills necessary for careers in global health.

FLEXIBLE AND ACCESSIBLE

Offered in an entirely online format, the programme provides a structured yet adaptable learning environment, catering to the needs of working professionals and students from diverse backgrounds.

ABOUT
O.P. Jindal Global University

O.P. Jindal Global University (JGU) is a world-class institution dedicated to academic excellence, offering a broad range of undergraduate, postgraduate, and doctoral programmes across multiple disciplines. Established with the vision of becoming a global leader in higher education, JGU combines academic rigor with a commitment to research, innovation, and social responsibility. The university's emphasis on interdisciplinary learning, global perspectives, and ethical leadership fosters an environment where students can thrive both academically and personally, preparing them to lead and contribute to society in meaningful ways.

ABOUT
IDEATE Lab

At the heart of JGU's commitment to innovation is the IDEATE (Innovation, Design, Entrepreneurship, Acceleration, Technology and Experimentation) Labs. This cutting-edge facility serves as a hub for students, entrepreneurs, and industry leaders, providing a collaborative space to explore creative problem-solving, entrepreneurial ventures, and technological advancements. IDEATE Labs offers a range of resources, including mentorship, incubator programmes, and access to state-of-the-art technology, fostering an entrepreneurial mindset and nurturing the next generation of leaders. Through IDEATE Labs, JGU encourages students to develop solutions that address real-world challenges, paving the way for impactful innovations across industries.

The Family Business Center at IDEATE Lab

O.P. Jindal Global University

The Family Business Center, of IDEATE Labs at O.P. Jindal Global University, serves as a dynamic platform dedicated to supporting the growth, sustainability, and evolution of family-owned businesses. Recognizing the significant role these enterprises play in India's economic, cultural, and social landscape, the Family Business Center focuses on fostering the next generation of leaders who can navigate the unique challenges and opportunities inherent in family-run businesses.

Part of the broader innovation and entrepreneurship ecosystem at IDEATE Labs, the Family Business Center blends academic excellence with real-world applications to provide a comprehensive suite of resources. It offers specialized programmes, workshops, and research initiatives that focus on critical aspects such as leadership development, governance structures, succession planning, conflict resolution, and strategic management within the family business context.

By leveraging the collaborative environment of IDEATE Labs, the Family Business Center facilitates creative problem-solving, entrepreneurship, and innovation tailored specifically to the needs of family-owned businesses. The Center works closely with industry leaders, family business owners, and thought leaders to ensure that students and entrepreneurs are equipped with the skills and insights needed to drive long-term success and growth.

Through its unique position within IDEATE Labs, the Family Business Center aims to ensure that family businesses not only preserve their legacies but also embrace new opportunities for innovation, sustainability, and global expansion. This collaborative space nurtures the development of visionary leaders who will shape the future of family enterprises in India and beyond, ensuring they remain resilient and adaptable in an ever-evolving global market.

VICE CHANCELLOR'S MESSAGE

PROFESSOR. (DR.) C. RAJ KUMAR

Founding Vice Chancellor,
O.P. Jindal Global University

Founding Vice Chancellor, O.P. Jindal Global University (JGU)

O.P. Jindal Global University (JGU) was established in 2009 as a non-profit, multi-disciplinary and research-oriented university, with the vision of promoting public service by imparting world-class global education in India. JGU has been consistently recognised as India's No. 1 Private University for setting benchmarks in higher education in India and beyond.

The JGU IDEATE LAB and the Family Business Centre have recently established JGU-wide initiatives, in alignment with our commitment to support and nurture the entrepreneurial spirit and promote venture-building efforts within JGU students, alumni and our wider ecosystem, especially amongst the large segment of family entrepreneurs. Recognising the potential and the significant role that family businesses play as vital engines of wealth and employment generation in India's economy, JGU has launched the Master of Science (M.Sc.) in Family Business programme.

JGU IDEATE LAB and the Family Business Centre will offer this comprehensive, cutting-edge, and meticulously crafted programme that will equip the students with not only knowledge but also with the necessary skills required to adapt their existing businesses with innovative business models and practices, while incorporating family business governance standards and legacy management for enhanced value and wealth creation. Using a multidisciplinary and holistic approach, this one-year non-residential programme will integrate best practices, innovative management tools, and mentorship from industry-leading organisations and experts.

In alignment with JGU's motto "A Private University Promoting Public Service", this programme aims to create the next generation of family entrepreneurs who will design creative solutions to lead their family ventures for greater profitable outcomes, sustainability, longevity, and value creation for their stakeholders.

DIRECTOR'S MESSAGE

PROFESSOR. (DR.) TEJPAVAN SINGH GANDHOK

Director IDEATE LAB
Professor (Dr.) of Practice Strategy & Entrepreneurship
Jindal Global Business School

I have the great privilege to be the founding Director of JGU IDEATE LAB and Family Business Centres. We are highly entrepreneurial in our mindset and focused on our mission to support support and mentor entrepreneurial venture building efforts amongst JGU students, families, alumni and our wider ecosystem, especially amongst the large segment of family entrepreneurs which represent such a vital engine of our economy's wealth and employment creation. It is estimated that Family Businesses contribute around 70-85% to India's GDP and employing approximately 60% of the workforce, much more so than most other world economies.

Several well-known mega trends such as climate change/ sustainability, income inequality, shortening corporate and business model life spans, technology led disruptions and rapid changes, increasing urbanization and shifts to nuclear families etc. represent significant challenges and opportunities for Family Entrepreneurs and Business Families. We have launched this online Master of Science (M.Sc.) in Family Business programme to help support budding Family Entrepreneurs in their capability development efforts and contribute more impactfully towards their Family Business initiatives in this dynamic and complex environment. This one-year non-residential programme offers a comprehensive, multidisciplinary, holistic approach. It integrates world class practices, leading tech and innovation management tools, local ecosystem network connections and mentoring to enable participants to drive practical applications for impactful outcomes. The ideal participant in this programme would be a young entrepreneurial family member, typically the next generation, intending to build a career and drive to next level impact some appropriate aspect of their entrepreneurial family. The heart of the learning approach is centred around best practices in experiential action project-oriented learning, in addition to cutting edge technology enabled tools to enable distance and a-synchronous learning, combined with active mentoring and networking. Accordingly, all programme participants are strongly encouraged to enter this programme, with a Strategic Project Initiave and project champion/ sponsor (eg an influential member of the family venture's now generation leadership). Typical impact projects could range from for example existing business growth transformation / new diversification venture / family wealth management initiative/ legacy impact initiative / governance initiative etc. We request all applicants to broadly outline the context and key objectives of their strategic action learning project. Upon your acceptance into this programme,

We will work closely with you and your Project Champion/ Sponsor to tailor and refine the specific scope and approaches and milestones as the programme progresses.

We warmly welcome budding Family Venture Builders to join us and eagerly look forward to our interactions and shared journeys that this programme enables.

ABOUT THE PROGRAMME

The M.Sc. in Family Business is a thoughtfully designed one-year postgraduate programme aimed at nurturing future leaders of family-owned enterprises. Rooted in the understanding that family businesses are distinct in their structure, values, and long-term vision, the programme equips students with the strategic, financial, and leadership skills required to manage and grow these enterprises successfully.

The curriculum blends academic depth with real-world relevance, covering areas such as governance, succession planning, innovation, and sustainable business practices. With a strong emphasis on ethical leadership and global awareness, the programme enables students to honour their family legacy while confidently embracing modern business challenges. Whether preparing for generational transition, scaling operations, or exploring new markets, graduates of this programme are empowered to lead with purpose, resilience, and vision.

Immersion Fee (Optional)	To be Announced	To be Announced

Jodo EMI Facility for Course Fee

OP Jindal Global University provides an opportunity to pay the fees in monthly installments at nominal cost through Jodo, an education centric financial services company founded by IIT-IIM alumni

JODO monthly payment plan comes at a low cost and offers the following benefits for all students:

- Covers all courses offered by JGU Online
- Fully digital process, takes around 15 mins to complete all loan formalities (from application to loan agreement signature)
- Only a PAN number is required for initial registration and approval
- 24×7 helpline number to assist you in your application

You can register for the plan at https://app.jodo.in/jgu or call Jodo representatives at 99729 82193, 96201 42953 for any assistance.

ADMISSIONS

Intakes each year: September & March

Eligibility Criteria Must have:

- A Bachelor's degree (or equivalent diploma/vocational training) in any field
- Active involvement as an entrepreneurial family member
- A clear intent to scale or impact some aspect of the family enterprise
- A defined strategic impact project (e.g. business transformation, new venture, wealth/legacy initiative, governance upgrade, etc.)

Preferable:

- 1–3 years of work experience post-undergraduation

Selection Criteria

Applicants are required to submit an Application Essay with the following components:

Introduction to Family Business:
a. History, nature of business/industry
b. Turnover and size (assets, employees, etc.)
c. Number of generations and siblings involved
d. Applicant's role and generation

Applicant Profile:
a. CV covering educational qualifications, work experience, and notable accomplishments

Description of Proposed Strategic Impact Project:
a. Context and key objectives
b. Estimated value or impact potential
c. Current stage (exploration, planning, implementation, etc.)

Statement of Support by Project Sponsor/Champion:
a. Sponsor's identity and role
b. Desired outcomes
c. Timeframes and resources committed for the project

PROGRAMME HIGHLIGHTS

1
TAILORED FOR FAMILY BUSINESSES

A specialised programme designed to address the unique challenges, values, and growth opportunities within family-run enterprises.

2
HANDS-ON, PRACTICE-ORIENTED CURRICULUM

Courses are designed with real-world relevance, blending case studies, simulations, and business tools to help students tackle practical family business challenges.

3
CAPSTONE WITH REAL-WORLD IMPACT

Students apply their learning to solve a live challenge in their own or another family business through a guided capstone project.

4
ETHICS, INNOVATION, AND GOVERNANCE FOCUS

Curriculum emphasizes ethical leadership, strategic innovation, and strong governance practices crucial to family business sustainability.

5
GLOBAL PERSPECTIVE, LOCAL RELEVANCE

Equips students to lead with a global mindset while preserving the cultural and traditional values of family-owned enterprises.

STUDENT VENTURES

MR. HARDICK RAJA

Enlight Agrotech (Enlight AgroTech)

Hardick Raja, a proud alumnus, is transforming Indian agriculture through Enlight Agrotech by providing sustainable solutions that increase yields by 20–40% while reducing chemical use. In just two years, the startup has expanded from 1 state to 4, reaching over 1,000 farmers. With incubation support from UASB, the venture is poised for further innovation. Hardick now aims to scale these eco-friendly practices to millions of farmers and urban gardeners, advancing sustainable growth and food security across India.

MR. VISHAL SINGH

Hemploom India (Hemploom India – Helping You & Mother Earth)

Vishal Singh is a proud Alumnus of JGU. Passionate entrepreneur in sustainable fashion, Founder & CEO of Hemploom India, driving eco-friendly hemp fibre-based clothing solutions to promote sustainable living through highquality, earth-friendly fashion.

MR. MOKSH MIDDHA

The Other Side

Moksh Middha, a JSBF Batch of 2022, is the founder of The Other Side, a luxury fashion label established in 2025 under Quiet Luxuries Private Limited. Moksh aims to create a true luxury fashion brand, blending exquisite materials with expert craftsmanship.

PROF. (DR.) TEJPAVAN SINGH GANDHOK

Director, IDEATE Lab,
Professor of Practice,
Strategy & Entrepreneurship Area
Jindal Global Business School (JGBS)

B.E. (University of Melbourne); MBA (UCLA, Los Angeles); Ph.D. (Singapore Management University)

PROF. (DR.) PRIYATEJ KOTIPALLI

Deputy Director, IDEATE Lab,
Associate Professor,
Jindal Global Business School (JGBS)

B.H.M. (University of Mumbai);
MBA (JNTU, Hyderabad); Ph.D.
(Erasmus University, Netherlands)

MENTORS

MR. PHILIPPE J WEIL

Mr. Philippe is an established leader in operating international Family Offices and a trusted consultant. His passionate holistic approach to Family and Business is unique and impactful. PJW is an author of books and articles, a well-respected international speaker and docent.

MR. SURAJ MALIK

Mr. Suraj has experience in setting up and managing family offices and trusts for business owners for effective succession planning. Active in contributing to family office ecosystem in India on areas such as growth strategy and finance and providing solutions on ownership structuring, asset protection, fund raising and exit planning.

DR. VINOD SURANA

Dr. Vinod is a renowned lawyer, mediator, and conflict management specialist, recognized among "100 Legal Luminaries of India" by Lexis Nexis and recommended by Chambers & Partners for Corporate/M&A. He holds advanced qualifications from institutions like Harvard, Cornell, LSE, and IIMs. Beyond law, he is a CEO coach, keynote speaker, and policy advocate with a deep interest in diplomacy, organic living, and mediation. His work blends legal expertise with a commitment to peace, progress, and purposeful leadership.

MR. AJAY SHARMA

Director & Promoter,
Shree Baidyanath Ayurveda Bhawan Pvt. Ltd.

Mr. Ajay Sharma leads Shree Baidyanath Ayurveda Bhawan Pvt. Ltd., India's largest Ayurvedic medicine manufacturer. A key figure in the third generation of the Baidyanath legacy, he has played a pivotal role in its growth beyond the 100-year mark. Educated at St. Joseph's School, Mayo College, and Allahabad University, he joined the family business at 19 and took charge by 35. He serves on the boards of Santokba Durlabhji Memorial Hospital and the Chauhan Bhawan Ayurveda Research Foundation. Recipient of the prestigious Nagarjuna Award, Mr. Sharma is also a passionate painter and lives in New Delhi.

ECOSYSTEM PARTNERS

Venture Builders of JGU

About O.P. Jindal Global University

O.P. Jindal Global University (JGU) is a multidisciplinary, research-oriented university founded in 2009 by Mr. Naveen Jindal, in memory of his father Mr. O.P. Jindal. The university has faculty from 50+ countries, students from 75+ countries, and partnerships with 525+ institutions in 80+ countries.

About Jindal School of Banking & Finance (JSBF)

At Jindal School of Banking & Finance (JSBF), we understand the importance of highly trained professionals in the interdisciplinary fields of technology, innovation, analytics, finance, accounting, risk and regulations. Our bachelor's & master's degree programmes are designed to equip you with the skills and knowledge needed to become a future business leader in this rapidly evolving industry.

Message from the **Vice Chancellor**

O.P. Jindal Global University (JGU) was established with the vision to be a centre for world class global education, and a catalyst for transformation and innovation. Marking a significant leap in pursuing that vision, it is my great pleasure to announce the launch of the online Master of Science (M.Sc.) in Artificial Intelligence & Finance at the Jindal School of Banking & Finance (JSBF), delivering a future focused curriculum through the pioneering approach of virtual classrooms with live sessions with world class faculty.

Driven by the vision to reimagine financial education for the 21st century, JSBF brings together experienced faculty members, online classes and experiential learning to deliver a holistic education ecosystem designed for the ambitions of the new age of learners. The programme is purposefully designed to train future leaders navigate the evolving domain of Artificial Intelligence, Robotic Process Automation, and Machine Learning as applied in the financial services industry through the interdisciplinary lens, with a focus on hands-on learning and industry exposure.

In alignment with JGU's broader mission to be a multidisciplinary, research-oriented and socially responsible institution, the M.Sc. in Artificial Intelligence & Finance is focused on shaping socially aware, professionally adept, and intellectually curious individuals who will contribute positively to the world. I am confident that this transformative programme will empower each student to embark on a journey that connects ambition and access, knowledge and application, and education and impact

Prof. C. Raj Kumar
Founding Vice Chancellor
O.P. Jindal Global University

Message from the **Dean**

It gives me great pleasure to welcome you to our one-year online M.Sc. programme in Artificial Intelligence & Finance. Your decision to pursue this intensive programme reflects your commitment to advancing your career while balancing professional and personal goals, a hallmark of today's ambitious learners. At JSBF, we aim to nurture intellectually curious, ethically grounded, and professionally agile graduates. This online programme combines academic rigour with industry relevance, while offering the flexibility to learn from anywhere in India and beyond. Through our advanced digital platform, you will engage with distinguished faculty, participate in live interactive sessions, and collaborate with peers from diverse professional backgrounds. The curriculum equips you with cutting-edge skills in machine learning for financial markets, algorithmic trading, AI-driven risk assessment, and regulatory compliance. Real-world projects and case studies from banks, fintech firms, and financial institutions ensure that your learning remains practical and up-to-date. As working professionals, your experience will enrich classroom discussions and collective learning. Our faculty, online support team, virtual labs, and digital resources will guide you throughout this journey. Welcome to a transformative year that will empower you to lead in India's rapidly evolving AI and finance landscape. Wishing you success in your academic pursuits.

Prof. (Dr.) Dayanand Pandey

Dean
Jindal School of Banking & Finance

Message from the **Chair**

It gives me immense pleasure to welcome you to explore our pioneering M.Sc. in Artificial Intelligence and Finance – a programme designed at the intersection of advanced technology and financial innovation. As India emerges as a global fintech leader, from UPI-driven digital payments to a thriving startup ecosystem, the need for professionals who can integrate AI and finance has never been greater. This programme addresses that gap through rigorous, industry-aligned education that is globally relevant and firmly rooted in the Indian context. The financial sector is undergoing rapid digital transformation. Banks are adopting agentic AI workflows, markets are becoming increasingly algorithmic, and fintech firms are reshaping financial inclusion. Yet, the demand for skilled talent far exceeds supply. Our quarterly format ensures focused, intensive learning while maintaining flexibility for working professionals. You will work with real datasets, examine SEBI regulations through an AI lens, and build solutions tailored to India's evolving financial landscape. Our state-of-the-art online platform enables global peer collaboration, access to computing resources, and interactions with industry leaders. With distinguished faculty and top practitioners, this programme prepares you to build trading algorithms, credit models, fintech innovations, and regulatory technologies. Join us in shaping the future of finance in a digitally empowered India.

Prof. Ram B. Ramachandran

Professor & Vice Dean
Chair, Center for Digital Learning
Jindal School of Banking & Finance

About the Programme

The M.Sc. in Artificial Intelligence & Finance at the Jindal School of Banking & Finance (JSBF) is an advanced, one-year interdisciplinary programme that bridges the worlds of technology and finance. Designed for professionals and aspiring learners, it combines academic rigor with real-world applications in areas such as machine learning, algorithmic trading, AI-driven risk assessment, and financial analytics. Through live online classes, hands-on projects, and global industry exposure, the programme equips learners to harness emerging technologies and drive innovation in the financial sector. With its focus on flexibility, industry relevance, and experiential learning, the M.Sc. in Artificial Intelligence & Finance prepares future-ready professionals to lead in the era of digital finance.

About O.P. Jindal Global University

O.P. Jindal Global University (JGU) is a multidisciplinary, research-oriented university founded in 2009 by Mr. Naveen Jindal, in memory of his father Mr. O.P. Jindal. The university has faculty from 50+ countries, students from 75+ countries, and partnerships with 475+ institutions in 75+ countries.

With globally benchmarked undergraduate programmes in Journalism and Media Studies, Film and New Media, and Corporate Communication & Public Affairs.

JSJC is India's pioneering liberal arts-driven school dedicated to nurturing the next generation of storytellers, journalists, media professionals, and filmmakers. With globally benchmarked undergraduate programmes in Journalism, Filmmaking, New Media, and Corporate Communication & Public Affairs, JSJC blends critical thinking with hands-on experience across audio, video, film, and digital media. Rooted in a spirit of free inquiry and creativity, JSJC empowers students to find their own voice, challenge conventions, and use the power of storytelling to document, engage with, and transform the world around them.

Message from the Vice-Chancellor

O.P. Jindal Global University (JGU) is a non-profit, multi-disciplinary and research-oriented university established with the vision of promoting public service by imparting world-class global education in India. In its pursuit of excellence, JGU was recognised by the Ministry of Education, Government of India as an Institution of Eminence. In global university rankings, JGU has been consistently recognised as India's No. 1 Private University for setting benchmarks in higher education in India and beyond.

Jindal School of Journalism and Communication (JSJC) was established in 2017 as a journalism programme comparable to the best in the world. In 2021 the school ventured into the exciting world of filmmaking and new media and eventually proceeded to curate an undergraduate programme in corporate communication and public affairs in 2022. These programmes provide a deep familiarity with audio, video, and film in all their various genres, with a special focus on emerging communication skills. The newly launched Master of Science (M.Sc.) in Strategic Communication by JSJC builds on this expertise to provide skill-based training in communicating messages in an organizational set up combined with creative storytelling practices.

Since the very design of communication is constantly evolving in our everchanging world, this one-year online programme will help the learners understand emergent forms of digital communication while grounding it in age-old strategies of making your ideas, messages and thinking accessible and memorable. In alignment with JGU's motto "A Private University Promoting Public Service", this programme aims to create the next generation of communication strategists who will design creative solutions to navigate the ever-evolving landscape of new media.

Prof. (Dr.) C. Raj Kumar

Founding Vice-Chancellor
O.P. Jindal Global University (JGU)

Message from the Dean

Polonius in Shakespeare's Hamlet says "Brevity is the soul of wit". This remains the cornerstone of effective and strategic communication.

Stories are the connecting fibre of the human race and language and communication are our shared heritage. At Jindal School of Journalism and Communication (JSJC) we believe that the rise of digital media has led to an ever-increasing demand for effective communicators and storytellers to provide compelling content. We equip our students with a strong interdisciplinary foundation in both theoretical and practical aspects of communication. Our first online programme, Master of Science (M.Sc.) in Strategic Communication, is guided by this approach.

The MSc in Strategic Communication at JSJC was curated keeping in mind the growing demand for a sharp and coherent communication programme in a rapidly changing world. We have to prepare for careers that will demand creativity and quick thinking. At JSJC, students are encouraged to be curious because that is the only lifelong learning. Media and Communication is projected to be a trillion-dollar industry but the most relevant skills would be problem-solving in a complex world.

Prof. Kishalay Bhattacharjee

Professor & Dean
Jindal School of Journalism & Communication (JSJC)

Under the mentorship of our stellar faculty, who are all leading scholars and professionals in their areas of expertise, this one-year programme focuses on training communication professionals who specialize in organizational communication, crisis management, developing globally relevant campaigns, data-driven communication strategies and stakeholder engagement. Through core courses in visual communication, branding strategies, data science, ethics, and media advocacy, the students will be trained to navigate complex media environments in corporate, governmental, non-governmental and global communication sectors. All courses are aimed towards providing theoretical and practical learning in effective communication strategies in an organizational framework, as well as in the space of marketing and PR. The particular bent in this program towards creative industries, as well as social responsibility, gives it an edge in training individuals towards becoming employed in the culture, as well the non-profit sector.

With the increasing demand on our sensorium in this attention economy, effective communication skills can give an undoubted edge to the well-trained person. We welcome all those who wish to be better communicators and socially responsible individuals.

In This Program, You Will...

1. **Learn the skills to navigate and communicate** strategies that will be the face of the project/company.
2. **Bridge the Gap** between academia and the corporate world to offer skills for effective leadership roles.
3. **Gain the skills** to drive change in your organization and in an uncertain world.
4. **Develop effective communication strategies** through stakeholder assessment, storytelling, rigorous research methods and multimedia messaging.
5. **Have learning opportunities** from a diverse and interdisciplinary cohort of top quality instructors.
6. **Complete an in-depth Final Project** with supervised research driven portfolio in close collaboration with real workplace giving you a competitive advantage.

What it Inclueds

Key Features

Globally Recognized Master's Degree		Taught in English
Opportunity for experiential learning through/ capstone project	100% Online	
12-15 hours per week time commitment		Access to JGU's e-resources
Career Guidance by Jindal School of Journalism & Communication (JSJC)	Global Faculty: Learn from academic experts	JGU Alumni Status

About the Programme

The M.Sc. in Strategic Communication offered by the Jindal School of Journalism and Communication (JSJC) is a cutting-edge one-year online postgraduate programme designed to equip learners with the skills and knowledge necessary to thrive in today's fast-evolving communication landscape. Blending classical strategies of effective messaging with contemporary advancements in digital and new media and date driven content, the programme emphasizes both creative and strategic dimensions of effective communication.

Students will engage in interdisciplinary coursework covering areas such as strategic communication, visual storytelling, media ethics and advocacy, social structures, brand building and public relations. With an emphasis on practice and skill based learning, the programme offers opportunities for project-based learning and exposure to real-world communication challenges.

Taught by JSJC's experienced faculty who are leading experts in their respective fields, the programme is ideal for graduates and working professionals aiming to build or enhance careers in public relations, corporate communication, brand management and media advocacy. It stands out for its emphasis on hands-on training, global perspective, and commitment to ethical, socially responsible communication.

About the **Programme**

The M.Sc. in Entrepreneurship, Innovation and Startup is a transformative, industry-aligned programme designed to empower aspiring entrepreneurs, innovators, and venture leaders with the capabilities to create, grow, and scale sustainable businesses in an increasingly dynamic global economy. The curriculum integrates foundational knowledge in entrepreneurship with practical exposure to innovation processes, startup strategy, financing, risk management, leadership, and growth planning, enabling learners to move from idea to execution with confidence. Emphasising design thinking, opportunity recognition, and market-driven innovation, the programme cultivates an entrepreneurial mindset grounded in creativity, resilience, and ethical responsibility.

Delivered through a flexible online format complemented by immersive on-campus residencies, the programme combines academic excellence with experiential learning, mentorship, and engagement with the startup ecosystem. Learners gain the strategic, financial, and leadership acumen needed to navigate uncertainty, mobilise resources, and build scalable ventures that create economic and societal value. Graduates are prepared to launch new enterprises, drive innovation within organisations, or contribute meaningfully to the broader entrepreneurial and innovation landscape in India and globally.

Learning Outcomes

- Identify and evaluate entrepreneurial opportunities using market, technological, and strategic analysis.
- Develop innovative, viable, and scalable business models and venture strategies.
- Apply financial, funding, and valuation principles to plan and sustain startup growth.
- Design and implement risk management approaches for uncertain and dynamic venture environments.
- Demonstrate entrepreneurial leadership, governance, and team-building capabilities in startup contexts.
- Integrate design thinking and innovation methodologies to create user-centric products and services.
- Formulate and communicate compelling business plans, proposals, and investor pitches.
- Navigate startup ecosystems, including investment networks, partnerships, and growth pathways.
- Make ethical, responsible, and sustainability-oriented business decisions.
- Execute a capstone venture or innovation project addressing a real-world entrepreneurial challenge.

Career **Outcomes**

Graduates of the M.A. in Entrepreneurship, Innovation and Startup programme are prepared for diverse roles across the startup, innovation, and venture ecosystem, including:

- **Founder / Co-founder of a startup or new venture**
- **Innovation or New Product Development Manager**
- **Startup Strategy or Growth Manager**
- **Venture Development or Incubation Associate**
- **Business Development Manager in high-growth ventures**
- **Corporate Innovation / Intrapreneurship roles in established organisations**
- **Startup Consultant or Advisor**
- **Venture Capital, Angel Network, or Investment Analyst roles**
- **Family Business Transformation and Expansion roles**
- **Entrepreneurial Project Lead in social or impact ventures**

Graduates may also pursue independent entrepreneurial pathways, scaling their own ventures or building innovation-driven enterprises across sectors such as technology, sustainability, healthcare, education, and digital services.

INDIA'S GLOBAL UNIVERSITY

NUMBER 1 RANKED PRIVATE UNIVERSITY

O.P. Jindal Global University (JGU) is a non-profit, multi-disciplinary and research oriented university founded in 2009. JGU was established as a philanthropic initiative of its Founding Chancellor, Mr. Naveen Jindal in memory of his father, Mr. O.P. Jindal.

JGU has 16,000+ students, 1100+ full-time faculty members, and 2900+ administrative staff in its fully residential campus. JGU's twelve schools focus on Law, Business & Management, International Affairs, Public Policy, Liberal Arts & Humanities, Journalism, Design & Architecture, Banking & Finance, Environment & Sustainability, Psychology & Counselling, Languages & Literature and Public Health & Human Development. Over the last decade, JGU has grown into an institution that brings full-time faculty from 50+ countries in the world, students from 160+ countries and has collaborated with 600+ leading institutions in 80+ countries which makes the learning experience truly international.

JGU is ranked Number 1 in the world with the highest overall score amongst all universities and awarded 'Gold' by the Times Higher Education (THE) Online Learning Rankings 2024. JGU has been ranked as India's Number 1 Private University for three years in a row by the prestigious QS World University Rankings 2023. JGU has been recognised among the Top 150 universities globally under the age of 50 years by the QS Young University Rankings. JGU has also been recognised in the Top 500 Universities as per the QS Graduate Employability Rankings 2022.

The Jindal Global Law School has retained its No. 1 rank in India for seven consecutive years and is ranked Top 35 globally for Law by the QS World University Rankings by Subject 2026. Furthermore, JGU holds the distinction of being India's top university for Politics & International Studies and is ranked Top 90 in the world. JGU also holds the position as India's top private university for Business & Management Studies (among Top 200 in the world), Social Sciences & Management (Ranked Top 232 in the world), Arts & Humanities (Ranked Top 323 in the world), Economics & Econometrics (among Top 500 in the world) as per the QS World University Rankings by Subject 2026. JGU is ranked No.1 University for Law and No.2 University for Psychology in India by the prestigious Times Higher Education (THE) World University Rankings by Subject 2026. In 2025, Jindal Global Business School (JGBS) was awarded the prestigious Association to Advance Collegiate Schools of Business (AACSB) International Accreditation — an accreditation earned by only 6% of business schools worldwide. In 2020, JGU was recognised as an 'Institution of Eminence' by the Ministry of Education, Government of India.

Vice Chancellor's Message

PROF. (DR.) C. RAJKUMAR

Founding Vice Chancellor
O.P. Jindal Global University

Welcome to O.P. Jindal Global University (JGU)-A Private University Promoting Public Service. JGU has consistently affirmed the ideas of interdisciplinary education, diversity, and excellence in our relentless pursuit of knowledge. For this, we have consistently ranked as India's No.1 university dedicated to Social Sciences, Arts and Humanities. Our recognition as an Institution of Eminence (IoE) in 2020 by the Government of India has been another important milestone and a testament to our bright academic journey.

JGU's journey has built its institutional model striving for creativity and excellence in areas of innovative teaching, pedagogy, research, creating new frontiers of knowledge-exchange partnerships. The University's learning ecosystem has also helped harness the benefits of technological change, while improving access to new academic opportunities, enhancing capabilities for all our students. In this regard, we offer courses now in residential, non-residential, online, and blended learning formats across all Schools and Institute at the University.

It is my pleasure to invite you to join the M.Sc. in Development Practice Programme offered by IDEAS, Office of Interdisciplinary Studies in a nonresidential mode and the M.Sc. in Development Studies offered in an online mode.

IDEAS is an institutional space for researchers and scholars across Schools at JGU to work collaboratively and address socio-economic problems from multi-disciplinary, trans-disciplinary and inter-disciplinary perspectives. Incubated research constellations at the Office are best placed to conceptualize and offer a practice- based course on development to train those who are looking to build a career in the practice of development, its application in policy, and in conducting impact evaluation through greater practical, field-based exposure.

Dean's Message

PROF. DEEPANSHU MOHAN

Dean, Office of InterDiscplinary Studies (IDEAS)
Professor of Economics
Jindal School of Liberal Arts and Humanities

IDEAS Office of Interdisciplinary Studies serves as a university-wide incubator for interdisciplinary research by providing an interdomain institutional space for cross-pedagogical learning and research. Through sustained engagement with scholars interested in working beyond the narrow contours of their own disciplines, IDEAS facilitates collaborations across JGU Schools and Institutes to create a novel research ecosystem and thought architecture within each multidisciplinary research constellation.

The coursework of the M.Sc. programme will reflect the interdisciplinary nature of IDEAS, incorporating field based learning in practice from initiatives such as Grassroots Action Program, and Solidarities. This approach ensures that students gain a holistic understanding of development issues, drawing on insights from various disciplines including economics, public policy, sociology, political science, and environmental studies, among others. A primary emphasis of the programme will be on skill-based courses alongside theoretical analysis, moving beyond a traditional development studies curriculum.

This collective effort will ensure that students receive an all-inclusive education, benefiting from the diverse expertise and perspectives of the faculty. A significant emphasis will be placed on students engaging in fieldwork and understanding developmental issues at the grassroots level. This hands-on approach will enable students to gain practical insights and firsthand experience in addressing contemporary development challenges.

ABOUT I.D.E.A.S

(Interdisciplinary Engagement Across Social Sciences)

IDEAS (Office of Interdisciplinary Studies) at JGU serves as a university-wide incubator for interdisciplinary research by providing an institutional space for cross-pedagogical learning, while entrenching its core principles, ethos in core application of interdisciplinary thought and praxis across social sciences. Through sustained engagement with scholars interested in working beyond the contours of their own disciplines, IDEAS facilitates collaborations across JGU Schools and Institutes to create a novel research ecosystem and thought architecture within each multidisciplinary research constellation.

Within IDEAS, four important initiatives have been conceptualized, Solidarities, GAP, Moulding Methods and Haryana Ki Awaaz.

Solidarities is a space for collaborative partnerships between community organisations and the university where we learn from each other, create peer learning spaces, and develop a consciousness rooted in justice, care, and curiosity. Through Solidarities, the university expands knowledge production beyond its walls to include communities, activists, and organisers, challenging the insulated nature of academia to become a more inclusive space.

Grassroots Action Program (GAP) empowers marginalised grassroots communities through long-term engagement and collaborative action-oriented research. The main idea is to learn from the community and anchor scalable interventions for maximum community welfare. We collect empirical data from within the community to design, implement, and evaluate interventions addressing education, health, employment, and women's empowerment.

Moulding Methods is a platform where scholars explore methodological journeys, learning to question, adapt, and shape research methods for complex contemporary challenges. It examines how critical approaches transform traditional methods and reshape knowledge production. Through inclusive, interactive engagement, the initiative builds a community where scholars exchange knowledge and co-create pathways for methodological advancement.

Haryana Ki Awaaz amplifies grassroots stories of resilience from across Haryana's villages and towns. By weaving these voices into development discourse, it democratises access and agency for marginalised communities. Engaging grassroots voices with the university campus, the initiative bridges the gap between the unheard and the change they experience, working toward a more inclusive, participatory, and just Haryana.

IDEASx runs an online learning initiative, which offers curated selection of workshops and courses led by renowned scholars and leading researchers. Our curriculum delves into cutting-edge methodologies, research design, and critical thinking skills – all designed to equip you with the tools to navigate the ever-evolving landscape of interdisciplinary scholarship. IDEASx offers a platform for researchers seeking to broaden their horizons or students yearning to explore new avenues of inquiry. It provides a platform to foster collaboration, challenge assumptions, and spark innovative ideas.

Data Insights at IDEAS is envisioned as a research centre dedicated to fostering a culture of data-centric research, teaching, and learning. Its affiliates will produce data-driven outputs, design courses on data methods and analysis, mentor student projects, and collaborate on publications and proposals. The Centre will also develop a repository of datasets and curated data sources to support research on socio-economic development in India and beyond.

IDEAS (Office of Interdisciplinary Studies) at JGU serves as a university-wide incubator for interdisciplinary research by providing an institutional space for cross-pedagogical learning, while entrenching its core principles, ethos in core application of interdisciplinary thought and praxis across social sciences. Through sustained engagement with scholars interested in working beyond the contours of their own disciplines, IDEAS facilitates collaborations across JGU Schools and Institutes to create a novel research ecosystem and thought architecture within each multidisciplinary research constellation.

Within IDEAS, four important initiatives have been conceptualized, Solidarities, GAP, Moulding Methods and Haryana Ki Awaaz.

Solidarities is a space for collaborative partnerships between community organisations and the university where we learn from each other, create peer learning spaces, and develop a consciousness rooted in justice, care, and curiosity in our communities. Through Solidarities, the university hopes to expand the boundaries of knowledge production beyond university walls to include various communities, activists, and organisers. In the process, we can also challenge the insulated nature of knowledge production in academia to become a more inclusive space.

Grassroots Action Program (GAP) is aimed at empowering the marginalised grassroots communities through long-term and continuous engagement and collaborative action-oriented research. The main idea is to learn from the community and anchor various scalable interventions in a direction that is most impactful for community welfare. We aim to achieve this by collecting empirical data from within the community to design, implement, and evaluate targeted interventions that address issues in education, health, employment, and woman empowerment.

Moulding Methods is a platform to explore the methodological journeys of scholars, empowering researchers to question, adapt, and mould methods that meet the complexities of contemporary research challenges. This initiative delves into how critical approaches challenge traditional methods, reshape knowledge production, and navigate the complexities of research. Through its inclusive and interactive format, it envisions building a community where scholars not only exchange knowledge but also co-create pathways for

INTRODUCTION

M.Sc. in Development Studies

Development, as a concept, has often been understood as a process that offers contradictory outcomes for countries in the Global South. As a rapidly developing nation, India faces multifaceted challenges requiring innovative and interdisciplinary solutions. For example, even as the last decade has seen a steady increase in GDP and educational attainment in India, youth unemployment has also increased, a phenomenon that some call jobless growth. As countries in the Global South strive for GDP growth and development, their people, particularly those from poor and marginalised communities, are becoming even more vulnerable to the climate crisis that results from unbridled growth. The MSc in Development Studies at IDEAS aims to equip students with theoretical knowledge, fieldwork experiences, and practical skills to examine and address these difficult challenges.

By focusing on a combination of theory, skills, experimental and real-world experiences, the programme prepares students to bridge the gap between societal need, policy design, and implementation while centring inclusion and people's well-being. Alongside addressing development challenges, ensuring our students' employability has been a principal factor in conceptualising the program.

Catering to both working professionals and fresh graduates, the Development Studies programme is designed to include several skills and research-based courses that prepare students for successful careers in the development sector and beyond. Classes will be held in an online mode, enabling students to pursue the programme from any location, while managing their jobs or other commitments.

Immersion Program

The MSc Development Studies Immersion Program is a nine-day, fully residential module designed to move learning beyond the classroom and into the real-world contexts where development work unfolds. Conceived as an intensive bootcamp and budgeted at ₹50,000, the program is an integral component of the curriculum rather than a supplementary add-on. It offers students hands-on exposure to the complexities, challenges, and lived realities of the development sector through method-focused workshops, field-based learning, and close faculty supervision aligned with themed research interests. Emphasising peer learning and practice-based engagement, the immersion creates a dynamic academic environment that mirrors professional settings. Far from being a mere certificate-granting exercise, the program ensures that participation carries lasting academic, professional, and practical value. Anchored in a broad understanding of “industry,” encompassing think tanks, civil society organisations, policy institutions, and research bodies, the immersion equips students with skills relevant to diverse career pathways while enabling meaningful networking with potential employers. Committed to the highest standards of academic integrity, ethical practice, and professional relevance, the program represents an innovative pedagogical model in development studies and serves as a pilot for scaling similar initiatives across other university entities in the future.

PROGRAM HIGHLIGHTS

- **Fully Online & Flexible Learning:** Synchronous live sessions, combined with asynchronous recorded content, allowing flexibility for professionals.
- **Blended Pedagogy:** Live lectures, case-based discussions, peer learning forums, online workshops, and recorded masterclasses.
- **Masterclasses:** Exclusive access to masterclasses featuring global experts in development practice.
- **Global Community:** Cohort drawn from diverse academic and professional backgrounds, fostering rich interdisciplinary dialogue.

PROGRAM STRUCTURE

The M.Sc. in Development Studies will be a one-year online programme and is divided into three trimesters with 4 courses in the first 2 trimesters, and 3 courses in the 3rd trimester including dissertation. Each course is of 5 credits and dissertation is 10 credits.

TRIMESTER 1	TRIMESTER 2	TRIMESTER 3
Theoretical Perspectives on Development	Poverty, Inequality, and Human Development	Project Management and Evaluation
Introduction to Quantitative Research	Introduction to Qualitative Research	State, Democracy and Social Change
Political Economy of India's Development	Data Analysis	Dissertation*
Academic Writing and Research Writing	Sustainable Development: Technology and Exclusion	

**Dissertation policy on choosing faculty mentors, details of dissertation committee, and mentorship guidelines details are available separately. The dissertation is 10 credits, whereas all the courses are 5 credits each.*

CLASS TIMINGS

- Asynchronous Learning: Recorded lectures, readings, and discussion boards accessible 24/7.
- Some live sessions will be based on flexible timeline.
- Virtual Workshops & Masterclasses: Scheduled throughout the trimester with international faculty and experts.
- Virtual events such as Nazariya, Swaroop, Samagana, and Weekly Reading Circles.

ADMISSION DETAILS

Program Fee (one year)	• 2,75,000 INR
Registration fee payable	• 25,000 INR
Remaining fee payable	• 2,50,000 INR Flexible fee payment options available
Who should apply?	• Recent graduates from any discipline. • Working professionals and independent researchers.
Why should you apply?	• Experienced faculty with both theoretical and practice-based knowledge. • Flexible timetable, ideal for part-time workers and working professionals. • Innovative pedagogies and interactive classroom environment. • Training in qualitative and quantitative methods. • Engagement with practitioners through IDEAS initiatives. • Blend of classroom and experiential learning. • Extensive toolkit of transferable skills. • Training in dissertation research and writing for aspiring researchers and PhD aspirants. • Strategic location at New Delhi.
What careers can you pursue after this?	• Wide range of careers in social sector (as programme managers, coordinators, evaluators). • Policy and development consultancy. • Data analytics and Data Journalism. • Researcher/Academia. • Development Journalism. • Corporate Social Responsibility (CSR). • Social entrepreneurship.

Jodo EMI Facility for Course Fee

OP Jindal Global University provides an opportunity to pay the fees in monthly installments at nominal cost through Jodo, an education centric financial services company founded by IIT-IIM alumni

JODO monthly payment plan comes at a low cost and offers the following benefits for all students:

- Covers all courses offered by JGU Online
- Fully digital process, takes around 15 mins to complete all loan formalities (from application to loan agreement signature)
- Only a PAN number is required for initial registration and approval
- 24×7 helpline number to assist you in your application

You can register for the plan at https://app.jodo.in/jgu or call Jodo representatives at 99729 82193, 96201 42953 for any assistance.

About JGU

O.P. Jindal Global University (JGU) is a multidisciplinary, research-oriented university founded in 2009 by Mr. Naveen Jindal, in memory of his father Mr. O.P. Jindal. The university has faculty from 50+ countries, students from 75+ countries, and partnerships with 525+ institutions in 80+ countries.

About JSLH

Jindal School of Liberal Arts and Humanities (JSLH) is introducing the one-year online Master's programme, Master of Science (M.Sc.) in Design Thinking, Innovation & Strategy, which is designed with the belief that education is more than just the act of acquiring knowledge; it should empower the learner to instigate change and drive transformation. With a carefully designed industry-relevant curriculum, this programme includes courses in Design Thinking, Innovation, Business Models, Marketing, Leadership & Culture, Business Strategy and Foresight, and Emerging and Disruptive Technologies, in an accessible virtual learning environment with experienced faculty members.

Message from the **Vice Chancellor**

Since its inception in 2009, O.P. Jindal Global University (JGU) has grown into a multi-disciplinary and research-oriented university widely recognised as India's No. 1 Private University in national and international university rankings. To ensure that we can fulfill the aspirations of people across the world, JGU commenced online degree programmes in 2020. In recognition of our consistent delivery of world-class education in virtual classrooms, JGU was ranked Number 1 in the world with the highest overall score amongst all universities and awarded 'Gold' by the Times Higher Education (THE) Online Learning Rankings 2024.

Jindal School of Liberal Arts and Humanities (JSLH) is introducing the one-year online Master's programme, Master of Science M.Sc. in Design Thinking, Innovation & Strategy which is designed with the belief that education is more than just the act of acquiring knowledge; it should empower the learner to instigate change and drive transformation. With a carefully designed industry-relevant curriculum, this programme includes courses in Design Thinking, Innovation, Business Models, Marketing, Leadership & Culture, Business Strategy and Foresight, and Emerging and Disruptive Technologies, in an accessible virtual learning environment with experienced faculty members.

Through this programme, our goal is to provide the students of this course with the intellectual tools, real-world insights, and critical thinking skills essential to thrive in complex and evolving professional environments. This programme will allow growth-oriented professionals to advance in their career with confidence, enable them to shift into a new field, or pursue further research. This innovative and unique programme is a testament to our commitment to shaping the next generation of leaders, thinkers, and changemakers in the realm of business and management.

Prof. (Dr.) C. Raj Kumar

Founding Vice-Chancellor
O.P. Jindal Global University (JGU)

Message from the **Dean**

Following many successful years of offering the undergraduate major in Design Thinking, the Jindal School of Liberal Arts and Humanities (JSLH), is offering the online advanced level M.Sc. in Design Thinking, Innovation & Strategy. The academic rigour and a unique interdisciplinary approach distinguishes this graduate course within the field of international business, marketing and other areas that require solid problem-solving skills. Intensive classes examine topics including; Design Thinking, Innovation, Business Models, Marketing, Leadership and Culture, Business Strategy and Foresight, and Emerging and Disruptive Technologies. The classes and learning environment allow students to identify a problem and find solutions that are adapted to a particular economic, and socio-cultural situation. Graduates of the course will be well-prepared to assume leadership in any field that relies on innovation, flexibility and creative thinking. This course is suitable for both recent undergraduates as well as for professionals who wish to broaden their skills.

Prof. Kathleen A. Modrowski

Professor & Dean
Jindal School of Liberal Arts and Humanities (JSLH)

Programme Overview

The M.Sc. in Design Thinking, Innovation & Strategy is a rigorous 1-year online master's degree designed to equip learners with the mindset and skillset to drive meaningful change in today's fast-evolving world. Blending creativity, strategy, and technology, the programme introduces learners to the principles of human-centred design, innovation management, and business model transformation. Through a carefully curated curriculum, global case studies, and hands-on projects, students develop practical tools for problem-solving, ideation, and rapid prototyping. The programme also integrates exposure to emerging and disruptive technologies, preparing graduates to anticipate future trends and craft innovative solutions that are both sustainable and impactful. Culminating in a capstone project and enriched by a short on-campus immersion, this degree offers a unique balance of academic depth, practical application, and global perspectives.

Course Structure

Term 1

Courses	Credits
The Technology & Innovation Imperative: What and why of Innovation & Design Thinking	5
Business Growth Engine: Marketing Strategy	5
Competing to Win: Business Strategy in a Rapidly Changing World	5
Total Credits	**15**

Term 2

Courses	Credits
Design Thinking-1: Immersion→Insight	5
Responsible Conduct: Business & Society	5
Leading & Managing Growth: Culture, Structure and Talent for Growth, Innovation & Creativity	5
Total Credits	**15**

Term 3

Courses	Credits
Design Thinking-2: Ideas → Implementation	5
Business Model Design & Innovation: Creating, Delivering & Capturing Value	5
Competing to Win: Driving Change & Transformation Based on Strategic Foresight	5
Total Credits	**15**

Term 4

Courses	Credits
Creating Enduring Value: Service & Experience Design	5
Capstone Project/ Thesis/ Experiential Learning	10
Total Credits	**15**

Total Programme Credits: 60

Courses delivered may have variations in theme and scheduling.

Tuition & Financing

Total Fee: INR **2,75,000**

Fee	Amount	Due Date
Registration Fee Payable	25,000	To be paid upon the acceptance of the offer letter
Remaining Fee Payable	2,50,000	To be paid as per the structure given by the university

Direct Payment Options

Payments can be made using credit cards, debit cards, net banking, UPI, and international payment methods.

Financing Options (For Indian Applicants)

O.P. Jindal Global University provides an opportunity to pay the fees in monthly installments at nominal cost through Jodo, an education centric financial services company founded by IIT-IIM alumni.

- Fully digital process, takes around 15 mins to complete all loan formalities (from application to loan agreement signature)
- Only a PAN number is required for initial registration and approval.

Admissions

Intakes each year:

September Cohort

Eligibility Criteria:

Applicants must meet the following criteria to be considered for admission to the **M.Sc. in Design Thinking, Innovation & Strategy**

- Minimum 60% marks in both Class 10 and Class 12.
- Minimum 50% marks in a bachelor's degree from a recognized university.

Selection Criteria:

- Submission of a completed application form along with a Statement of Purpose (SOP).
- Admission is based on personal interview and valid test scores (JSAT / CAT / GMAT)

Programme Outcomes

Skills You'll Gain

- **Design Thinking Mastery** – empathy, ideation, prototyping, testing
- **Strategic Innovation** – business model design, foresight & growth strategies
- **Customer-Centric Mindset** – service & experience design
- **Creative Problem-Solving** – tackling complex, real-world challenges
- **Leadership & Collaboration** – managing innovation teams and projects

Where You Can Work

- **Technology & IT** – product innovation, process innovation
- **Consulting & Strategy** – innovation consulting, business transformation
- **Healthcare & Education** – designing patient/learner experiences
- **Finance & Retail** – customer insights, new service models
- **Startups & Entrepreneurship** – launching ventures, scaling ideas

Career Roles

- **Innovation Manager / Consultant** – driving transformation projects
- **Design Thinking Specialist** – embedding creative methods in organizations
- **Customer Experience (CX) Designer** – shaping user journeys & experiences
- **Product / Service Designer** – building solutions that meet real needs
- **Strategy & Foresight Analyst** – anticipating change & guiding growth
- **Entrepreneur** – creating impact-driven startups

About
O.P. Jindal Global University

O.P. Jindal Global University (JGU) is a multidisciplinary, research-oriented university founded in 2009 by Mr. Naveen Jindal, in memory of his father Mr. O.P. Jindal. The university has faculty from 50+ countries, students from 75+ countries, and partnerships with 525+ institutions in 80+ countries.

About
Jindal School of Banking & Finance (JSBF)

At Jindal School of Banking & Finance (JSBF), we understand the importance of highly trained professionals in the interdisciplinary fields of technology, innovation, analytics, finance, accounting, risk and regulations. Our bachelor's & master's degree programmes are designed to equip you with the skills and knowledge needed to become a future business leader in this rapidly evolving industry.

Message from the **Vice Chancellor**

O.P. Jindal Global University (JGU) was established with the vision to be a centre for world class global education, and a catalyst for transformation and innovation. Marking a significant leap in pursuing that vision, it is my great pleasure to announce the launch of the online Master of Science (M.Sc.) in Global Risk Management at the Jindal School of Banking & Finance (JSBF), delivering a future focused curriculum through the pioneering approach of virtual classrooms with live sessions with world class faculty.

Driven by the vision to reimagine financial education for the 21st century, JSBF brings together experienced faculty members, online classes and experiential learning to deliver a holistic education ecosystem designed for the ambitions of the new age of learners. The programme is purposefully designed to train future leaders navigate the management and mitigation of various types of enterprise risk through the interdisciplinary lens, with a focus on hands-on learning and industry exposure.

In alignment with JGU's broader mission to be a multidisciplinary, research-oriented and socially responsible institution, the M.Sc. in Global Risk Management is focused on shaping socially aware, professionally adept, and intellectually curious individuals who will contribute positively to the world. I am confident that this transformative programme will empower each student to embark on a journey that connects ambition and access, knowledge and application, and education and impact.

Prof. C. Raj Kumar

Founding Vice Chancellor
O.P. Jindal Global University

Message from the **Dean**

It brings me immense pleasure to welcome you to the one-year online M.Sc. in Global Risk Management at the Jindal School of Banking & Finance (JSBF). This rigorous and globally focused programme is designed for professionals seeking to master the complexities of modern risk management while balancing their careers.

The curriculum blends international best practices with the evolving needs of India's financial markets by integrating the prestigious GARP Financial Risk Manager (FRM) aligned courses with advanced academic learning. Incorporating market, credit, operational, and regulatory risk frameworks, our programme ensures graduates are well-prepared for both the M.Sc. degree and FRM certification, which are highly valued credentials worldwide.

Through interactive virtual seminars, case studies, and peer learning, the learners will engage with a diverse network of professionals and expert faculty. Supported by JSBF's online support team, virtual labs, and digital library resources, this transformative programme will equip you to thrive as a globally competent risk management professional. I once again welcome you all and wish you tremendous success in your academic and professional journey.

Warm Regards,

Prof. (Dr.) Dayanand Pandey

Dean
Jindal School of Banking & Finance

Message from the **Chair**

With great pleasure, I invite you to explore the online M.Sc. in Global Risk Management, an innovative programme designed to train professionals for the complex and interconnected risk landscape of today's world.

Amid financial volatility, climate change, geopolitical uncertainty, and cyber threats, the need for expert risk professionals has never been higher. This programme addresses that need through a curriculum integrating GARP Financial Risk Manager (FRM)-aligned courses

with advanced academic training, combining global best practices with insights from India's dynamic markets.

The programme is delivered in a flexible quarterly format and it enables learners to balance rigorous learning with their personal and professional commitments. Our programme offers learners the opportunity to engage with distinguished professionals from central banks, rating agencies, and global corporations, while gaining hands-on experience on live projects ranging from stress testing frameworks to enterprise risk management implementations.

This programme equips you for leadership roles across sectors, whether managing risks in banks, consulting on resilience, pricing climate risks in insurance, or addressing AI-driven risks in fintech. Join us on this transformative journey to build a more resilient future where risks become opportunities for sustainable growth.

Warmest Regards,

Prof. Ram B. Ramachandran

Professor & Vice Dean
Chair, Center for Digital Learning
Jindal School of Banking & Finance

About the Programme

The **1-year online M.Sc. in Global Risk Management** is an industry-aligned programme that equips professionals to navigate the complexities of today's global financial landscape. Integrating advanced academic learning with GARP FRM-aligned coursework, it offers comprehensive coverage of market, credit, operational, and regulatory risks. Delivered in a flexible quarterly format, the programme combines theory with hands-on projects, case studies, and industry engagement through expert-led sessions. With distinguished faculty, global perspectives, and strong industry connections, it prepares learners to lead risk management roles across banking, insurance, consulting, fintech, and regulatory sectors.

Admissions

Batch Starts

September 2026

Eligibility

- Undergraduate degree with at least 50% marks
- **Candidates with less than 50% marks must:**
  1. Appear for the JSAT examination
  2. Attend a mandatory interview

Selection Criteria

Selection will be based on a comprehensive review of the application, statement of purpose, and academic transcripts. Shortlisted candidates may also be invited for a brief personal interview, if required.

Tuition & Financing

Fee	Amount	Due Date
Registration Fee Payable	**INR 25,000**	To be paid upon the acceptance of the offer letter
Remaining Fee Payable	**INR 2,50,000**	To be paid as per the structure given by the University
Total Credits	**INR 2,75,000**	

Direct Payment Options

Payments can be made using credit cards, debit cards, net banking, UPI, and international payment methods.

Financing Options (For Indian Applicants)

O.P. Jindal Global University provides an opportunity to pay the fees in monthly installments at nominal cost through Jodo, an education centric financial services company founded by IIT-IIM alumni.

- Fully digital process, takes around 15 mins to complete all loan formalities (from application to loan agreement signature)
- Only a PAN number is required for initial registration and approval.

Career Outcomes

Graduates of the M.Sc. in Global Risk Management are equipped to take on leadership and analytical roles across the financial and corporate sectors. The programme prepares learners for careers such as **Risk Analysts, Enterprise Risk Managers, Credit and Market Risk Specialists, Compliance Officers, Risk Consultants, and Quantitative Analysts in banks, insurance companies, consulting firms, fintechs, regulatory bodies, and multinational corporations.**

The FRM-aligned curriculum also offers a strong foundation for pursuing the GARP FRM certification, a globally recognized credential that enhances professional credibility and career progression. In a world where risk management is shifting from a compliance function to a strategic advantage, graduates emerge ready to lead transformation and resilience in the global financial landscape.
